Come Discover Chandler

Chandler Oklahoma is a small, picturesque town located northeast of Oklahoma City, along Interstate 44 and historic Route 66. It is the county seat of Lincoln County. The town was named after Judge George Chandler, a member of Congress and Assistant Secretary of the U.S. Department of Interior.

Chandler was established by a land run on September 28, 1891. Thousands of settlers dashed up the steep hill into the 320-acre town site for 2,208 free lots. On March 30, 1897, a tornado destroyed or damaged most of the fledgling town, killing 19 and injuring hundreds. The tornado destroyed the courthouse as well. A two-story frame building was built on the site and served as the temporary courthouse until 1907 when a stone courthouse was built. The third courthouse burned on December 23, 1967. The current courthouse was built in its place and completed in 1969.

One of the world's most famous highways goes through the heart of Chandler: U.S. Route 66 or "The Mother Road". This iconic route is a major draw for travelers to the area, and Chandler is home to a variety of attractions for those who are passionate about it. These include the nationally acclaimed Route 66 Interpretive Center, The Lincoln County Museum of Pioneer History, a restored cottage-style Phillips 66 gas station, and one of the last remaining painted barns advertising Meramec Caverns, on Route 66 in Missouri, is located west of town.

The area has been home to several notable individuals, such as U.S. marshal William M. "Bill" Tilghman, killed in what is considered to be the last of the Old West gunfights; Benny Kent, an early-day news cinema photographer; Rev. Burton Z. Lewis, the Oklahoma National Guard's first African American member; Maj. Gen. Roy Hoffman, Oklahoma military and National Guard leader; James C. Leake, television broadcasting pioneer and renowned antique car collector, and Johnathan Gray who has played professional baseball for the Colorado Rockies and the Texas Rangers.

Additionally, the area is home to a variety of recreational facilities, such as parks, lakes, a golf course, walking trails, a swimming pool, a splash pad, a community theater, and other amenities that contribute to the quality of life for its citizens and visitors.

History of the Chandler Area Chamber of Commerce

On August 18, 1899, a group of people met at the courthouse to arrange for the organization of a commercial club. The meeting was called to order, and J.B.A. Robertson (soon to be a state governor) was elected temporary chairman.

This was an important move for all those Chandler citizens. They believed that the prosperity of their town depended on their success in organizing a commercial club. They wanted to make theirs the best town in Oklahoma.

The constitution and by-laws were adopted at the next meeting, and the Chandler Chamber of Commerce was born.

On March 8, 2011, the Chandler Chamber of Commerce officially became the Chandler AREA Chamber of Commerce to help not only the City of Chandler, but also the surrounding communities.

The Chandler Area Chamber of Commerce is still a viable established business organization and is invested in the Chandler community. Economic vitality sustains the quality of life we enjoy in Chandler.

The Chandler Area Chamber is dedicated to helping its members and promoting local businesses. We want to build strong relationships that lead to the success of our members.

We believe that when we work together, we can do more and make Chandler and the surrounding area a better place for everyone. The Chandler Area Chamber provides resources, tools, and networking opportunities to help members grow their businesses.

By joining us, you can help Chandler and the surrounding area grow. When our community thrives, your business thrives. As Chandler's primary source of information, we are here to help our members and the community.

You are invited to attend our monthly meetings held on the 2nd Tuesday of each month at noon at the Route 66 Interpretive Center.

Did you know..... Chandler is only one of two towns in Oklahoma to have their own “Land Run”? Surveyors weren’t finished in time for it to be included in the county “Run” of September 22, 1891, the same date that opened the Sac and Fox and Iowa lands to form County A (Lincoln County). Consequently, Chandler was opened for settlement at noon on September 28, 1891, when gunshots signaled the land opening.
